**Subject: Frank Colson Civil/Military ATC Presentation**

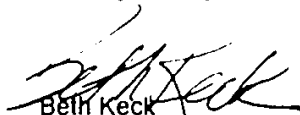

Per our telcon, Mr. Fred Lee, the FAA Senior Representative based in Beijing should be included in the portion of the meetings during which Mr. Colson will be discussing the civil/military air traffic control initiative under the U.S./China Defense Conversion Commission.

Mr. Lee can be reached at the following numbers in Beijing:

Tel: 86-1-595-8093 Fax: 86-1-595-8094  
Jianguo Hotel, Room 128-130

Also, we suggest that you make an appointment for both Mr. Colson and Mr. Lee with the top Chinese Air Force official in charge of Air Traffic Control. We understand that it may be Mr. Zhu Liang, Air Force Deputy Commander in Chief. It is important that they have an opportunity to meet with the key military air traffic control officials if this initiative is to be launched.

Thank you for your assistance with this matter.
